BLAIR-NTS-01-2023

Mouth of The South

I thought he was going to come until he scooted forward on his knees and waved his prick in my face. I rolled onto my side and took him in my mouth.

My dream job: copywriter for a major women's magazine—awaited me in the big city. My hard work in college and at the small newspaper where I had toiled for the past year had finally paid off.

Still, I had reservations about leaving home. Having spent all of my life, college years included, in a small Southern town, I honestly didn't know if I could cut it in a major metropolis.

The word "cutthroat" came to mind.

Would the pace be too fast?

The people too rude?

If I accepted the position my daily life would change in a major way. And not necessarily for the better. For one, I would have to live in a grossly overpriced apartment no bigger than my current bedroom. As for my car—well, forget it. Parking would be a nightmare in the big city. The thought of selling my beloved hatchback almost brought me to tears.

What was a girl to do?

Jack, my boyfriend of six months, wanted me to stay put. "You can come with me," I had told him countless times. "I'm sure you could find a job." But he wasn't interested. Hell, I couldn't blame him. He had a sweet gig working for his father, good pay and even better benefits.

I thought about it long and hard, losing countless hours of sleep while trying to make up my mind. When I finally reached a decision Jack was the first to know. He wasn't happy when I told him that I had accepted the position. Still, he wore a brave face.

"When are you leaving?" he asked.

"Soon," I told him. "They want me to start next week."

"Wow. That is soon."

"I hope you're not mad, Jack. The job is just too good to turn down. It really is a once-in-a-lifetime opportunity . . ."

"Sure," he muttered. "I understand."

Neither of us said a thing about maintaining a long-distance relationship. We weren't that naïve. And I didn't even try to change Jack's mind about coming with me. It wouldn't have done a bit of good.

Things cooled between Jack and I for the remainder of the week. We hardly even saw one another. I was occupied with the move, and he was busy at work. This was for the best. Spending time together would have only made our parting all the more difficult.

We did see each other the night before I left, a bittersweet affair which ended with us having sex at his apartment. Jack was rougher than usual, fucking me none too gently in a variety of ways, all of which I found immensely exciting and pleasurable. He was angry, I knew, and expressing this with his body.

Pinned beneath him, my thighs pressed against my core, my feet draped over his broad shoulders, I moaned and groaned as he pounded my pussy. Jack had never screwed me this good. I almost regretted my decision to leave. A girl could get used to being fucked like this. He drove his hips hard and fast. Our copulating flesh clapped loudly as he thrust repeatedly, frenziedly, pummeling my poon for what was surely the last time.

Jack pulled out abruptly. I thought he was going to come until he scooted forward on his knees and waved his prick in my face. I rolled onto my side and took him in my mouth. No sooner had I done this than he grabbed two handfuls of my long blonde hair and proceeded to fuck my face. I could feel his frustration in every thrust, his frustration and desperation.

I could also feel my pussy getting ready to come, so I lowered a hand between my legs to intensify the experience, playing with myself while Jack's swollen glans tapped the

back of my throat repeatedly.

I orgasmed seconds before he exploded in my mouth. His load was massive, too much for me to swallow in its entirety. Cum seeped between my lips and oozed down my chin. Jack, panting like a marathon runner, collapsed beside me and gazed at the ceiling.

"How much did you get for your car?" he asked a minute or two later.

I lay there beside him, trying and failing to summon the energy to get dressed and go home. Tomorrow was a big day. Moving day. The rental truck was parked at my parents' house. I had driven to Jack's in my hippie sister's car which smelled of patchouli and pot.

"Eight hundred," I told him.

A moment later he said, "I couldn't live without a car. No way in hell. I'd go nuts."

"I don't know. I think it'll be fun. I'm actually excited about riding the subway."

Jack looked at me like I was crazy. "Excited?"

"Yeah. It'll be a new experience."

"Be sure to carry a gun."

I sighed heavily. "I don't have a gun."

"A knife then," he said, "or some pepper spray."

"Are you trying to scare me?"

"I just don't want anything to happen to you."

"I'll be fine, Jack."

"If you say so . . ."

Adjusting to city life proved much harder than I had expected. My job had a lot to do with this. Writing for a bigtime magazine with a high circulation was much different than writing for some Hicksville rag. The standards were higher, the consequences for failing to meet a deadline stiffer. I struggled mightily to keep up; this coupled with the challenges of city life made for a stressful first month.

I missed my family, missed my friends, missed Jack. And I missed my car. The romanticism of riding the subway dissolved after a few days, supplanted by the harsh realities of mass transit.

Overcrowding was a big problem, especially during the morning and early evening commutes. Being packed shoulder to shoulder inside a speeding tube with a bunch of strangers was the pits. And the system was poorly maintained, resulting in constant delays which invariably occurred at the worst of times.

Thanks to mechanical failure I was late for work on several occasions. The most recent of these unfortunate incidents had gotten me chewed out by my boss who threatened to fire me. It was the worst browbeating of my life. I left her office on the brink of tears.

I spent the rest of the day and most of that night feeling sorry for myself. I tried unsuccessfully to drink myself to sleep. Tossing and turning into the wee hours, I finally gave up, got dressed, and went for a walk to clear my head. I had a can of pepper spray in my purse, so I wasn't too worried about getting mugged. Still, Jack would have been furious if he had known that I had gone out by myself at such an obscene hour.

I walked to the river, covering a good five miles before turning around to come back home. Daunted by the prospect of another five miles on foot, I decided to take the subway. A cab would have been safer, but I didn't want to spend the extra money.

This turned out to be one of the best decisions of my life. Boy, did it ever!

I had the car to myself, at first. Then it stopped, the doors sliding open to admit one of the cutest guys I had seen in a very long time. And that's really saying something as the city is full of cute guys.

He sat directly across from me. I smiled. He smiled back. I typically left it to the guy to break the ice, but this night was anything but typical. My courage bolstered by the wine I had consumed earlier, I said, "You're not going to mug me, are you?"

"As a matter of fact," he said, reaching inside his jacket and producing a handgun.

I thought he was kidding. Surely, this was a joke. The gun

wasn't real. No way. It was a water pistol. I fully expected him to squeeze the trigger and squirt me in the face and start laughing.

But this was no joke, not by a longshot; the seriousness of the situation hit home when he stood and leveled the gun at my head. All I had was a small coin purse, which I surrendered immediately.

Still holding me at gunpoint, he used his free hand to open the purse. I had a crumpled single, some spare change, and a few subway tokens. Thankfully, I had left my purse and billfold at home. My credit cards were safe and secure. As for me—well, that remained to be seen . . .

The gunman wore a sullen frown. Clearly, he had expected a much bigger take from this job. But I had ruined his plans, me and my laughable finances. I hoped like hell he didn't take out his frustrations on me. Please put the gun away, I thought with increasing panic. Put it away and bail at the next stop.

Time seemed to stand still as I sat there awaiting his next move. I had never been so frightened in my life. Frightened and strangely aroused. Crazy, huh? But true. My pussy was wet and getting wetter. After all, the gunman was very cute. And he had a rock-hard erection. I could see the outline of it in his tight-fitting jeans. This stickup man was really hung!

Finally, he put the gun away. Defeat was etched all over his face. He tossed the coin purse in my lap.

"Damn, baby. You're even poorer than me."

"Money isn't everything," I replied.

"Tell that to my landlord."

I tried and failed to maintain eye contact. The big bulge in his jeans was far more interesting. I wondered if he always got hard during a robbery. Then again, this could have been his first stickup. Perhaps he was new to the game. Not that it mattered.

"I can't pay your rent," I told him, "but I can definitely wipe that frown off your face."

"Is that so?"

The subway clattered along the track, moving us closer to our respective destinations. If I was going to do this thing—well, I had better get to it.

"Come a little closer," I said, my gaze riveted to his crotch, "and you'll see what I mean."

He closed the gap between us. I licked my lips hungrily and reached for his zipper. His cock, a big fat bologna, was everything I had thought it would be.

I moved my head to and fro, gliding my lips along his thick shaft. He was much bigger than Jack. His was also the first dick that I had had since moving to the city. Naturally, I gave him my slutty best, sucking him sloppily before migrating to his ballbag. Stroking his prick with one hand, I licked and sucked his nuts with much urgency. My pussy came without the aid of my hand; feasting on his mammoth member was more than enough to get me off good and proper.

I had just finished creaming my panties when he grunted loudly and popped off. His rod pulsed in my hand even as I continued to service his balls with my mouth. We straightened our clothes shortly before the subway came to a stop.

"This would be me," he said.

I hated to see him go. But all good things must come to an end. That's what they say, anyway.

I returned to my closet-sized apartment where I managed three hours of sleep before getting up to go to work. Riding the subway to the office, I kept my eyes peeled for the would-be robber. No luck. I would probably never see him again. A part of me wondered if I had passed out on the subway last night and dreamed the whole thing. After all, I had been pretty drunk.

The morning was long. My hangover didn't help. I started to worry about my mental health. What kind of chick gets turned on while being robbed at gunpoint? I ended up booking an appointment with a therapist recommended by a coworker.

The session went fine until the therapist told me how much I owed for his services. I didn't have enough money, not even close, so I sucked his dick instead.

when fingers aren't enough

"I know my boobs are not that big, but I have a great butt. And I know I have a pretty face. My favorite position is doggy - getting fucked from behind. The best sex for me is being banged so hard that I can feel his balls slapping my pussy. Then a few well-placed and well-timed slaps on my butt and I'm in heaven. Oh yeah, baby!"

tiny star
a fuck i won't forget

"I think I got a little carried away when I asked my boyfriend to ask his best friend to join us for a threeway. Well, it turns out he had two best friends! Lucky me, but I think I'm going to be quite sore in the morning. When I started sucking cock, I got lost in the sex. When they're fucking my wet pussy, all I can do is moan. But when both my pussy and ass are being fucked, all I can do is scream!"

BLAIR-NTS-09

LEND A HELPING HAND

I had to work late in the city that night. I hated that most of the time, but tonight the train was empty. Just me. Good. I had a long way to go, the rock and rattle of the cars was soothing, and I soon fell asleep.

I dreamed about my ex-boyfriend. We had just broken up, I was 19 and not ready to commit, while Brian was mid-twenties and ready for a wife. I told him to come back in a few years, and that was the last I'd seen of him.

But in my dream we were together again—or maybe we hadn't broken up yet—and Brian was slowly unbuttoning my blouse. He pushed it off my shoulders to reveal my bare breasts. He kissed my nipples with a soft, tender touch of his lips, and I moaned. He was really great in bed, especially when it came to my tits. Sometimes I think he liked them more than he liked me, or maybe it just seemed that way. Sometimes he played with my breasts for hours.

I would come time after time while he sucked and licked my nipples until they were stiff peaks. And it's true—my nipples get really, really long when they're sucked for a long time. Sometimes they're still standing up the next day. Now Brian took one nipple in his teeth and worried it a bit, making me tingle all over. He also played with the other one, pressing the nipple down into me, rolling the nubbin between thumb and finger. I could feel my pussy getting wet! I wanted him – I wanted his mouth on my tits, on my pussy….

Suddenly, with a jolt, my eyes flew open. I was back in the train, and I was no longer alone. Across the aisle sat a guy, maybe in his mid-twenties. He was dark-haired, with brown-yellow eyes – like a wolf's. He'd been watching me as I slept. And he had a raging hard-on. He smiled when he saw my eyes widen. That was quite some tent his thingie was making! I licked my lips. I hadn't had sex since Brian left, and that dream had left me totally hot. I looked down and saw how big my nipples were; you could see them through my T-shirt. And my pussy…it was just streaming.

What the heck, right? I smiled and crossed the aisle to sit down by him. I didn't say a word, but I slid my hand across to his crotch. He moaned a little.

He reached over and pinched one of my nipples, then he tugged it hard. It felt really good, and he could tell because my nipples stood up even harder than before. He smiled as he slipped a hand under my short skirt. I opened my legs wide to help him out, and he dipped a finger inside my panties. Ummm, his hand was so warm against my shaved mound!

I unzipped him, allowing his thingie to spring free. Brian had an average-sized one, and that was just fine, but this guy…wow! I closed my eyes, imagining trying to put my mouth around that thing, or feeling

it ramming its way into my pussy.

My fingers slipped down to his thing's flared head and played with it. Then I moved lower and squeezed his balls. He groaned, and his breath seemed to catch.

His fingers were moving fast in me now, really pumping my pussy. His thumb made little circles on my clit, and I could feel the tingling inside me getting more intense. I started to come, then forced myself to breathe out slowly. That slowed my orgasm down so I could enjoy it longer. I love being fingerfucked!

I pumped my fist up and down on his thingie, which seemed to be getting even thicker now. I jerked him harder, and then pressed my fingernail down into his pee-slit. He moaned and shifted, thrusting his hips higher. Gooey pre-cum was dripping out of the hole, so I slathered it on my fingers and rubbed his shaft until it was practically humming.

His fingers were really humping me now, and my clit was burning with passion. This time I couldn't stop it – a huge orgasm ripped through me, and I cried out in release. I was so glad no one else was around, because they would have really heard me when I came. He kept rubbing my clit and fucking my pussy, and I came again. I felt all my juices just streaming out of my pussy and over his hand.

He was breathing faster now. I knew it wouldn't be too long before he came, and that excited me. I'd done a few hand-jobs on Brian, but he had preferred to put his thingie in my mouth or my pussy.

Determined to push him over the edge, I grabbed this guy's rod and squeezed it hard. He gasped, and I felt a tremor in his balls that shot all the way through his shaft. I started stroking him hard then, squeezing the purple head of his thing, pinching it, moving my hand all the way down to his balls, then back up to the blazing tip.

MY FINGERS SLIPPED DOWN TO HIS THING'S FLARED HEAD AND PLAYED WITH IT. THEN I MOVED LOWER AND SQUEEZED HIS BALLS. HE GROANED, AND HIS BREATH SEEMED TO CATCH.

"Aaaaaaaaa," he yelled, and then suddenly his thingie bucked against my hand. A thick stream of cum squirted against the seats in front of us. I kept stroking him, milking him for every drop he had. This guy was filled, too! Jet after jet spurted out, splashing against the seat, my hand, everything. It's a good thing his pee-hole hadn't been aimed at me – my clothes would have been drenched!

Finally, limp, we lay back in the seats. Our hands, no longer working on each other's private parts, found other things to do. He licked my juices off his fingers while I sucked his jism off my hand. The train slowed for the next stop; he stuffed that big thing back in his pants, kissed me, then hopped up and out the door without a backward glance.

I don't mind riding the late train home – I never know who'll be there, as hungry for a little fun as I am!

from tomboy to boy toy

I have to admit that one of the best sexual encounters I've ever had was with a guy who had a big dick. Some chicks think that too big hurts when you fuck. Not me. I told him to close his eyes and went to work on it. I've mastered giving head with my mouth and hands so that the guy feels like it's all in. I love the long schlong.

nothing like a nice dinner, and a great fuck!

gracie glam

Chad invited me to spend the weekend at his summer home to celebrate my birthday. He showed me around and made dinner for me. How sweet - and sexy, I thought. Can you guess what's next? We started making out ended up on the sofa with his cock in my hand, drawing it into my mouth and then into my pussy. I can't wait for my next birthday to cum, but I won't be waiting that long to do this guy again.
